# GENERAL RULES

- 1.0 Rules can only be altered at an A.G.M. or E.G.M. which is open to all members.
- 2.0 **Arrangement of Cup Matches**
- 2.1 The home team captain must contact the opposing team captain to offer 2 dates within the specified period. Each of the dates must be not less than 14 days clear notice. One of the dates must be accepted at once.  
(Amended - AGM 2009)
- i) **Definition of Notice**  
“Clear days notice” means the dates of contact and 1<sup>st</sup> date offered are not included in the count of days.
- ii) **Confirmation**  
In the case of a dispute, the controller may, if the verbal versions as to what was agreed between the captains differ, request a report from each in writing before making a decision.
- iii) **Claiming**  
In all cases, a delay in claiming a match may affect the claim.
- iv) **Declining**  
Away captains may decline to consider dates at more than 6 weeks notice.
- (Note: - items i, ii, iii & iv apply to all cup and individual matches)**
- 2.2 If matches have already been arranged for the dates offered then the captains should attempt to arrange a mutually acceptable date.
- 2.3 Matches may be arranged for after the specified period only with the prior consent of the opposing captain and then the Cup Controller.
- 2.4 Difficulties in contacting opposing captains should be reported to the Controller immediately.
- 2.5 Away teams failing to reply immediately to correspondence regarding Rules **2.1, 2.2, 2.3** or six board cup tournament rule **3.1** will lose by default unless a reasonable explanation has been given to the Controller.
- 2.6 Matches postponed without prior consent of the Controller will be lost by default.
- 2.7 Matches postponed at less than 48 hours notice will be lost, unless caused by bad weather or other exceptional circumstances.
- 2.8 It is the responsibility of the captain who requests a postponement to inform the Controller within 24 hours. Failure to comply will result in their team being defaulted. (New – AGM 2013)
- 2.9 All matches in HDCA league and cup tournaments (both team and individual) must be played by 31<sup>st</sup> May. Any fixtures not played by this date will be lost by default – by the team captain who requested the postponement. The season will not be extended beyond 31 May. (New – AGM 2016)
- 2.10 All cup games must be played by the period stated on the cup draw (a two week extension may be allowed if there is difficulty in arranging matches and correspondence is shown to the cup controller to support this). If any match is not played on time the match will be awarded to the away team/individual. (New – AGM 2016)
- 2.11 Non arrival by either team will constitute a loss by the team not arriving, unless caused by exceptional circumstances.
- 2.12 The team not arriving must give notice to the controller with an explanation within 24 hours and contact the opposing captain within 72 hours. If unable to contact the controller an officer of the association must be contacted.
- 3.0 **Conduct of Matches**
- 3.1 The home team captain/deputy shall provide the only result sheet of the match, whereby they only enter their team details on the home side of the sheet. The away team captain/deputy shall provide their team names only on a separate piece of paper to the home captain/deputy. These are to be copied, along with other subsequent details, onto the original sheet with no deviation from his/her original list. The result sheet must be completed by both captains/deputies at least 5 minutes before the start of the match. All result sheets must have two sets of handwriting accompanied with a signature. Results must be reported within one week of the match being played. (New - AGM 2010) Failure to comply will result in a loss by default by the winning team captain claiming the points. Drawn matches require both captains to submit a result sheet. The non-submitting captain will result in a loss of points for their team. Game results will still count for grading. (New – AGM 2013)

- 3.2 Where it is known before the start of a match that a player is unable to attend, all defaulted boards must be placed below playing members of the team. Failure to observe this Rule may result in the loss of all boards below the defaulted board.
- 3.3 Matches must start not later than 7.15 p.m., unless agreed by mutual consent.
- 3.4 The away team will have white on the odd numbered boards.
- 3.5 The current (as published by the Association at the start of the year) Yorkshire Chess Association grading list or most recent Hull & District grading list must be used. If not on the YCA grading list, then players on a previous H&DCA grading list can be used to calculate an estimate grade with 5 points deducted for each year of inactivity up to a maximum of 5 years. Players not on any YCA or H&DCA list must obtain an estimate grade from either their team captain or any club official and this must be shown on the returning result sheet. Please note – estimate grades are to be used for board order only. (Amended - AGM 2009)
- 3.6 Teams must play in grade order, though a tolerance of **10** points will be allowed between two players.
- 3.7 If neither player arrives within half an hour of the start time, their game is a double default.
- 3.8 If one player does not arrive within half an hour of the start time they lose by default however, a substitute may play if they make a move within the half hour, and also their grade is no higher than that of the player replaced.
- 3.9 Any player playing as a reserve in a league match should have a grade no higher than 20 points above that of the regular team member in whose place they are playing. (This is not applicable to the Four Board League). (New – AGM 2016)
- 3.10 Chess clocks must be used.
- 3.11 Where analogue clocks are used, clocks should be set so that the first time check is at 6 o'clock.
- 3.12 Where a player, whose name appears on a team sheet, does not turn up at any time during the evening, an explanation should be made to the Controller.
- 3.13 Player's names and grades as listed in the YCA grading list whether they are reserves, substitutes or juniors must be given on the sheets submitted to the Controller. Failure to do so may result in the loss of those games. (Amended - AGM 2009)
- 3.14 Games are played under the FIDE Laws of Chess, as interpreted by the ECF and Subject to any rulings made by the Hull & District Chess Association.
- 3.15 Team captains are required to be conversant with these Laws and the Hull and District Chess Association's Playing Rules.
- 3.16 Team Captains should be present throughout the match. In their absence they must appoint a deputy.
- 3.17 Smoking is not allowed in the chess playing areas when matches are being played.
- 3.18 Unless by prior agreement with the captains, players must ensure all electronic communication devices are switched off in the playing area. Failure to do this will result in the loss of the game, although an opponent may waive this right. (New 2016 AGM).
- 3.19 For all team games played in the Hull and District Chess Association, which have a grading limitation, the official Hull and District Chess Association Grading List (see 3.5), will be used to calculate the team grades.

#### 4.0 **Disputes and Queries**

- 4.1 All decisions made by the Executive Committee with regard to disputes are final. If members of the association challenge a decision, they must call for a vote of no confidence in the Executive Committee. This is to be made in writing to the General Secretary, supported by (1) a signed petition of 20 members detailing names, addresses and signatures, as well as (2) the names of the proposed new officers to replace the serving officers. (New - AGM 2010)
- 4.2 In voting undertaken by the Executive Committee, any parties directly involved in disputes (that is, officers and members playing in the teams concerned, and the controller of the competition concerned) are not entitled to vote. The chairperson has the casting vote in the case of an unclear result. (New - AGM 2010).
- 4.3 During a match Team Captains (or their vice-captains in their absence) are regarded as joint arbiters; if a dispute arises they are jointly responsible for a decision as to how to proceed. In the event of any dispute, which cannot be settled between the captains, each side must submit a concise written report of the matter to the Tournament Controller who may submit the matter to the Executive Committee. (New 2016 AGM)
- 4.4 In the event of the Tournament Controller receiving a claim concerning a team match or individual game. Before issuing a decision which may alter the result, either captains or individual players must provide a concise written report to the Controller. The Controller will make a decision within 14 days. (New - AGM 2009).

- 4.5 If an appeal is lodged against the Tournament Controller's decision, the player must submit a concise written report to the General Secretary, accompanied by a £20 Bond. This must be done within 14 days of the original decision. The Bond will be reimbursed within 14 days if the original decision is overturned and the appeal is successful. The General Secretary shall then put the appeal before the Executive Committee, if a ruling regarding Constitutional matters is required (see constitution rule 34 and bye-laws 12-19). For all other disputes concerning points covered by FIDE rules, the appeal shall be put to an ECF Arbiter. After a ruling is made, at whatever level, there shall be no further right of appeal. (Amended - AGM 2009)
- 4.6 Any player found guilty of misconduct by the Hull & District Chess Association Executive Committee may face disciplinary action. This will take effect retrospectively from the AGM of 2012. Any such player will have the right of appeal. (NEW – AGM 2013)
- 4.7 Any captain who is unsure of any point covered in these rules or feels that some point has not been covered, should immediately contact the appropriate Controller or the General Secretary.

### **Miscellaneous**

- 5.2 No player may play for more than one club in each tournament in a season, though in special circumstances, the Executive Committee may permit a transfer of registration. A player may be re-registered for a different team within the same club if they have the same club if they have not, during the current season, played for the team, in a league match, which first registered them. For the purposes of this rule individual tournaments will be defined as:

The player can do this at most 5 times (a game where a default occurs shall not count as one of the 5 possible games). A player's grade is to be no higher than that of the player replaced. Failure to observe this rule will result in the loss of the board concerned and the loss of all the boards below it. (Amended AGM 2009)
- 5.4 No player may play, or be a reserve or substitute, for more than one team in any division. Failure to observe this rule will result in the loss of the board concerned and all the boards below it. Unless the Executive Committee grants permission in advance.
- 5.5 An adult who captains a junior team may play for that team and one other league team, not in the same Division, but forfeits the right to play as a reserve under the current playing rules. The usual cup rules still apply.

- i) the team with the best board score in all matches, or if still equal;

- ii) the team with the most league points in matches involving the tying teams, or, if still equal;
- iii) the team with the best board score in the matches involving the tying teams or, if still equal;

Resulting in 6 teams in division one and 5 teams in division two. In uneven divisions such as this, there should always be no more than one extra team in the higher division. (New - AGM 2011)

# ATKINSON (SIX BOARD) CUP RULES

## 1.0 Eligibility

1.1 A player may only play for one team in any one cup competition. Failure to observe this rule will result in the loss of the board concerned and all the boards below it. (Amended - AGM 2009)

1.2

a) Players in the Atkinson Trophy matches are any persons who are members of the Association.

## 2.0 Arrangement of Matches

2.1 The home captain must contact the opposing captain before the start of the period and offer 2 dates within the period with at least 14 days' notice.

## 3.0 Conduct of Matches

3.1 These competitions shall be played on a handicap system, and clocks must be used.

3.2 Should a team not be present at the starting time then a clock may be started by the other captain. When the match starts, such time that has elapsed will be deducted from the added to each of the absent team's player's clocks.

3.3 Each player shall have 90 minutes in which to complete the game (New – 2014 AGM).

3.4 Players should note that under the rules of fast finish chess, no player can win on time unless they have sufficient material to deliver checkmate. If there is insufficient material the game is declared a draw.

## 4.0 Cup Handicap Procedure

4.1 Before each match, captains will calculate the aggregate of his/her players' grades. Ungraded players will be allotted an estimated grade. (New - AGM 2011)

4.2 Then, taking the difference between the totals of his team and the opposing team and using Table A, read the appropriate handicap for his team.

4.3 In the event of one of his originally listed players not turning up, whether he is substituted or not, the handicap is not recalculated, once the match has commenced.

4.4 The handicap must be calculated over 6 boards.

4.5 If less than 6 players are named then the appropriate grade from table B. must be used to calculate the defaulted board(s).

4.6 If before the match has commenced it becomes known that a listed player on the team sheet is not available, then board order and handicap are adjusted accordingly.

4.7 In the event of the match being a draw:

a) Each Captain will add together the numbers of the boards his team has won. The team with the lowest board count total will be the winner.

b) If the scores are still equal then the team with the lowest total of grading points will be the winner.

Captains are reminded that once a player has played a game then that player is "cup tied" to that team for the remainder of that competition.

Ungraded Players : Before each match, captains will calculate the aggregate of his/her player's grades. Ungraded players must be allotted an estimated grade. (New - AGM 2011)

### Handicap Tables to be used for Six Board Cup Matches

Table A: (Amended - AGM 2009)

<u>Difference</u>	<u>Handicap</u>	<u>Difference</u>	<u>Handicap</u>

85 - 123	2½		

Ungraded players must be shown as 'UG'. Handicap grades can be entered at the side of the player's name for working out the handicap as long as the ungraded players are clearly shown. These handicap grades should be used to determine board order.

Table B shows the grade that all Defaulted Boards will assume for handicapping purposes.

This grade is for handicaps only and must not be entered as a grade on the result slips.

Table B: (Amended - AGM 2009) : Handicap grades to be applied to Defaulted Boards

<u>Board Number</u>	<u>Division One</u>	<u>Division Two</u>
1	163	151
2	151	139

5	131	107
6	123	95

## RP ROSS FOUR BOARD LEAGUE & CUP RULES

In handicap competitions ungraded players must be issued an estimated grade, as close as possible to their playing strength. This must be used to calculate the aggregate of the team's grades. (New - AGM 2011)

The handicap must be calculated on 4 boards. If a board is defaulted due to the non arrival of a stated player after the exchange of score sheets and calculation of the handicap then the handicap is not recalculated whether the player is substituted or not. If it is known prior to calculation of the handicap that a board(s) will be defaulted then Table B must be used to establish the grade for the missing board(s).

Each player shall have 90 minutes in which to complete the game (New 2014 AGM).

In the handicap cup, in the event of a draw the lower graded team will progress. If both teams are equal on grades then the away team will progress (New - 2014 AGM)

# YCA Grading Information and 2016 -2017 Grading List

The 2016-2017 YCA Grading List is based on the results of all games played between  
1 July 2015 & 30 June 2016

The 'Chessnuts' grading method has forgone the usual traditional grading category letter and replaced it with a more precise number. This number is known as the grading 'weight'. Players will notice that their 'weight' is close to the number of games that they play each year. The grading 'weight' number can be found to the right of their grade in the grading list on Chessnuts. They have been omitted in this publication for sorting the grading list within the Excel spreadsheet.

The Hull & District Chess Association retains the right to set estimated grades for ungraded players. Players with no previous grade at all, this is the responsibility of a bona fide club member. For players who have had a previous grade, the League Secretary will allocate a grade. The process for this will be to use the last published grade, less 5 points for each year of inactivity – up to a maximum of 25 points.

For the benefit of those players who wish to know their ELO (International) rating, the following equation is required:-

$$\text{ECF grade} \times 8 + 600 = \text{ELO} \quad \text{ELO Rating} - 600 \div 8 = \text{ECF}$$

N.B. apply the formula (x .79 + 44) to grade after 2015-16 season to calculate new grade for  
2016-17 season

### Important information

In the event of any query regarding grades in this list, players should provide a full list of their games played during the previous season. These and a written explanation of their own calculation should be submitted to the YCA grader, details below. A stamped addressed envelope must be included with the query.

## Result Sheet Guidelines / UG Players

### Procedures for Result Sheets – Please read carefully

1. One result sheet per match to be returned to the Tournament Controller.
2. The home captain or deputy has the responsibility of supplying this.
3. Each original result sheet should have two sets of handwriting and signed by both captains/deputies.
4. **All** relevant boxes to be completed and legible. Please use black ink.
5. Result sheets to be returned no later than 7 days after the match date.
6. With the deadline being 7 day, it would be appreciated if they could be returned sooner rather than later. This would enable the Tournament Controller to produce a quicker and efficient result service.
7. The captain or deputy of the winning team has the responsibility of returning the result sheet within 7 days. *The away captain with computer can return it as 1 or 2, as stated below, when the home captain does not have a computer. This can only be done with the consent of the home team captain or deputy.*
8. As well as posting, other acceptable methods of returning result sheets are:
  - a. Re-typing match details on a result sheet template and send as an email attachment.
  - b. Scan original result sheet and send as an email attachment.
9. In the event of a draw, the home captain or deputy has the responsibility of returning the result sheet within 7 days. Special rule 7 in italics can be applied in this instance.
10. When returning a result sheet that has been re-typed on a template, include both captains names, these will be deemed accepted as signatures.
11. For ungraded players, U/G must be written after their name and their estimate grade in the 'GRADE' column.
12. Ungraded players must be issued an estimated grade and used in both league and cup matches. This must be done by a bona-fide club official or member and be as accurate as possible. If during the season an ungraded player with a previous published grade registers for a team, please contact the Tournament Controller as soon as possible and an estimated grade will be calculated, then used for the remainder of the season.
13. The DOB of Junior players must be written on the reverse side. In addition, also indicate Junior.
14. Reserve players and the players they are reserving for must be written on the reverse side.

Please adhere to these guidelines and help play a part in the smooth running of the league and cup tournaments. Thank you for your cooperation.
